

Сообщения 0 Статус отдельного сервиса Дата отправления заявки Статус Таймаут Время I really like this program. It is also a lot better than data miner. Thanks for making an offer for an upgrade. Data Miner Mac app behaves like the program that I have but I am not aware of any tools to analyze the data you mentioned. You can see more of my work at Thanks for your comment. We are offering a free download of Statalist for Windows users, which you can use for non-commercial purposes. If you would like to upgrade to the full version of Statalist, which will allow you to perform calculations (and other functions) on the data that you've already imported, then you can. To protect our clients from viruses or malicious code we do not install anything on your computer, however we may share some code with you to assist you.. The "Download Full App" link here will work for the Windows version of Statalist which is installed on the computer, but may not work for the Mac version of Statalist, which is. Our support staff will be more than happy to assist you with the installation of the program and answer any questions you may have about the program. Glad to hear you like it so far!
