Spotlight Over the years, EA and Criterion have redefined the racing genre, with the hottest and most extreme cars, intuitive online gameplay, and amazing visuals. But with every new game they also set themselves a new challenge. (2007) The Need for Speed franchise is a series of open world racing games developed and published by Electronic Arts. The Need for Speed franchise developed by Criterion Games has the Need for Speed moniker. EA has released the following games in the series: (2007) The Need for Speed franchise is a series of open world racing games developed and published by Electronic Arts. Criterion Games was founded by Criterion Software, who developed the original game series for EA from 1995 until 2004, when the company was sold to Eidos, which in turn was then acquired by Electronic Arts in 2006. Criterion was formed in 1995 by the studio's lead designer, William Chin, with former EA employee and Electronic Arts' Vice President of Production Sol Niemann. EA has released the following games in the series: (2009) The Need for Speed franchise is a series of open world racing games developed and published by Electronic Arts. Criterion Games was founded in 1995 by Criterion Software, which was renamed to Criterion Games in 2003. Criterion's first project was the first Need for Speed title, Need for Speed: High Stakes, which was released for the PlayStation 2, PlayStation Portable, and GameCube consoles in 2000. EA has released the following games in the series: (2010) The Need for Speed franchise is a series of open world racing games developed and published by Electronic Arts.
